The Identity Discovery Deck™

Adult Edition

A springboard for aligning how you live with who you are™

Overview

Life is challenging. The choices you make – at work, with your spouse or partner, your family, your friends, and in your community – shape your world. Making the right choices for the right reasons is the key to living a meaningful, productive life - and those choices begin by knowing who you are at your core – by clarifying your identity.

For most of us, finding the time to discover who we are is at best elusive. We're saddled with responsibilities including our jobs, our families, even friends in time of need. Most often, we take on these responsibilities and do them gladly. But, what about our responsibility to ourselves? To care for ourselves with the same attention and respect we give to others? What would our relationships be like if we did?

The Identity Discovery Deck is a dynamic tool for helping you build stronger, more fulfilling relationships with everyone who counts on you – and whom you count on – everyday. Consider the Identity Discovery Deck a springboard for aligning how you live with who you are.

What makes the Identity Discovery Deck™ different

In the search to learn about ourselves, there are numerous pathways available to us. Personality tests that determine what ‘type’ we are. Aptitude tests that help us clarify our strengths. Attitude assessments that offer insights into what motivates us.

These standardized methods are helpful, up to a point. For all the benefits they provide, however, they paint an incomplete picture of what makes us unique and, consequently, where our true potential lies.

The Identity Discovery Deck helps complete this picture in ways that add richness, authenticity, and staying power to the process of self-discovery. The Identity Discovery Deck is distinguished by how it:

Fosters responsibility – The Deck challenges you to do the work yourself, so you are personally invested in the outcome.

Celebrates uniqueness – The Deck helps you uncover and articulate what makes you the unique individual you are, *in your own words*.

Promotes ‘serious play’ – While its outcomes can be life-changing, the Deck is designed to be fun – a game of discovery and direction. Tapping your creativity is part of the process.

How the Identity Discovery Deck works

The Deck allows you to clarify your identity by identifying, distilling – and then translating into one main idea – the activities that truly ‘bring you alive’ in the 5 *Relationship Areas* common to all adults: Work, Family, Friends, Spouse/partner, and Community.

The Deck is designed to be self-guided and can take as little as one hour to complete. It can be used by one person, or by groups, where the goal is to build community on the strength of identity.

In short, the Identity Discovery Deck invites you to learn about who you are in constructive and meaningful ways – helping you make choices that will have a positive, lifelong impact.
